PROFILE SUMMARY

B.Tech candidate in Computer Science & Engineering from Netaji Subhash Engineering collage. Demonstrates proficiency in Web Development & Blockchain Development with expertise in data structures, algorithms, and software & AI/ML development. Actively seeking opportunities to apply my skills toward product development, engineering solutions, and architecture.

EDUCATION

Netaji Subhash Engineering collage

Bachelor of Technology in Computer Science and Engineering

Grade: 7.6

Nov. 2024 – May 2027

Iswar Chandra Vidyasagar Polytechnic

Diploma in Computer Science & Engineering

Grade: 6.8

Nov. 2021 – June 2024

PROJECTS

AuraNest | *Javascript, ReactJs, PostgreSQL, NextJs*

Nov 2024 – Present

- Developed an AI-powered web app for redesigning rooms based on user preferences.
- Neon and Drizzle ORM for database management using PostgreSQL.
- Implemented authentication via Clerk for securing user data.
- Resolved dependency conflicts and context-sharing issues, enhancing app functionality by 30%.

ANIMAL SPECIES RECOGNIZATION USING CNN | *TensorFlow, Keras, Python, Anaconda* April 2024 – Jun 2024

- Developed a Convolutional Neural Network (CNN) model for Animal Species Recognition using labeled image dataset and Implementing transfer learning for enhanced accuracy.
- Applied data augmentation techniques using **Augmentor** and generated synthetic samples to enhance model generalization, resulting in a 2-3% improvement in accuracy.
- Utilized pre-trained models with **transfer learning** (ResNet152V2, Inception, Xception) for feature extraction, leading to improved convergence rates and accuracy.
- Preprocessed image data (resizing, normalization) and visualized the dataset using **Matplotlib** and **Seaborn** to track class distribution and performance metrics.

SKILLS

Languages and Databases: Java, C, Python, Pandas, ReactJs, Clerk, TensorFlow, Next.js, Avalanche, PostgreSQL, Appwrite

Other Skills & Tools: Excel, Email Management, Database Management, MS Office Tools, VS Code

Soft Skills: Communication, Critical Thinking, Negotiation, Problem Solving, Risk Management, Teamwork, Emotional Intelligence

EXTRACURRICULAR ACTIVITIES & ACHIEVEMENTS

- Attended in the more than 5 offline/online Coding Hackathons .
- Won Avalanche Track Prize In a 36 hour long hackathon StatusCode1.0 held at IIIT Kalyani
- Promoted blockchain awareness through #DaysofBlockchain threads on X.
- Conducted over 5 technical workshops with 100+ students in blockchain and AI
- Trained 50+ participants on "How to Win a Hackathon."
